MISSOURI

MORA would like to thank all of the teachers who challenged their students to recycle and submit entries to the 2007 Missouri Recycles Day Poster Contest. Once again, this year's judging was difficult, as over 4,500 students across Missouri submitted entries.

All schools who submitted entries will receive a 2008 calendar highlighting the winning entries. The artists will also be recognized at an awards ceremony at the Missouri State Capitol as MORA celebrates recycling awareness.
